EDUCATION

DAYANANDA SAGAR UNIVERSITY (2023–27)
B.Tech in Computer Science & Technology
Harohalli, 562112
CGPA: 8.45 / 10.0

ADITYA ENGLISH MEDIUM SCHOOL (2021–23)
CBSE Board
Baner, Pune
Percentage: 65%

RYAN INTERNATIONAL SCHOOL (2016–21)
ICSE Board
Baner, Pune
Percentage: 88.33%

SKILLS

PROGRAMMING
Java • C • Python
HTML • CSS • JavaScript • NodeJS
SQL • GoLang (Learning)
Concepts:
Gen-AI • Machine Learning • Prompt Design
Problem Solving • Design Thinking • Cloud Computing • DBMS

Familiar:
MySQL • MongoDB • LaTeX • Excel
Canva • Power BI • PowerPoint
Google Cloud • AWS • Oracle Cloud

RESEARCH

OPTICAL CHARACTER RECOGNITION | Researcher
July 2025 – Present | DSU, Harohalli
Worked with **Junaid Mundichipparakkal** on an OCR pipeline for a custom dataset, building a CRNN model and fine-tuning a pre-trained TrOCR (Transformer) model.

AWARDS
• NaukriCampus Young Turks

SUMMARY

Motivated and detail-oriented Computer Science undergraduate with experience in web development. Actively using AI tools to learn, support, and enhance project development. Proven track record in leading technical projects, managing cultural events, and contributing to student organizations like IEEE RAS SBC and CPA at DSU. Strong communication and teamwork skills, developed through leadership and volunteering roles. Actively pursuing opportunities to learn, build, and collaborate in tech-driven environments.

EXPERIENCE

IEEE RAS SBC DSU | Web Master
Jun 2024 – Jun 2025 | DSU, Harohalli
RAS-DSU Website | GitHub Repo
Developed and deployed the IEEE RAS Society DSU website, showcasing events and helping students explore robotics initiatives at the university.

CENTER OF PERFORMING ARTS (CPA @ DSU) | Stage Management & Cultura Head
Mar 2024 – Present | DSU, Harohalli
Managed large-scale college fests like Cascades 2024–25, Talent Hunt, and Cultura events. Enhanced organizational, leadership, and communication skills through cultural coordination.

INTERNATIONAL MODEL UNITED NATIONS (IMUN) | Campus Ambassador
Jul 2021 – Aug 2021 | Remote
Promoted IMUN conferences through social media outreach. Gained experience in communication, marketing, and digital engagement.

PROJECTS

DEARMINDER Mar 2025 – May 2025 | DSU, Harohalli
Live Demo | GitHub
Built a full-stack notification system integrating email (Google AppScript) and SMS (TextBelt) using Flask backend and React + TypeScript frontend with Tailwind CSS and Shadcn-UI.

EMAIL SPAM DETECTOR Apr 2025 – May 2025 | DSU, Harohalli
Developed an AI-based tool to detect spam emails using Linear Regression and Natural Language Processing (NLP) techniques.

EMPLOYEE MANAGEMENT SYSTEM Mar 2025 – May 2025 | DSU, Harohalli
Created a Python–MySQL-based system for managing employee details, including record creation, retrieval, and updates with a simple CLI interface.
